Jubilee Clips

Jubilee Clips

The original Jubilee Clip, the product that started it all! For the vast majority of applications this sturdy worm drive hose clip is more than suitable. Continuously threaded band enabling extra flexibility when adjusting the clip to the correct size. The smooth inside profile of the band and rolled edges give protection for all types of hoses including soft hoses made from rubber or silicone.

Bandings

Multiband

Multiband is a self assembly endless banding or screw band system, which allows the user to cut the band to the desired length.

Used in areas such as heating, ventilation and air conditioning (HVAC), sign fixing, conduit and cable retention and lagging, this product is very versatile.

A number of screw and housing designs are available to suit any application.

Available as a zinc protected mild steel or 304 stainless steel clamp.
