

Gloves

A comprehensive range of work gloves designed for the toughest and harshest year-round domestic, work site and commercial environments.

Constructed from a variety of innovative materials, the TIMCO safety glove range has been designed to cover multiple environments and applications where there is risk of serious injury such as cuts, abrasion and splinters. Used to provide general comfort and cushioning when regularly handling rough or heavy materials, gloves will enhance grip on hand held equipment to ensure a safe, smooth control and operation of machinery and tools.

All gloves comply with European standard EN ISO 21420 / EN388
